

SIMHYDRO 2010

Hydraulic Modeling and uncertainties

www.simhydro.org

La Société Hydrotechnique de France is organising in collaboration with Polytech' Nice-Sophia Antipolis **SIMHYDRO 2010** which will be held in Nice on June 2, 3, 4th, 2010.

Modelling in fluid mechanics, hydraulics and hydrology, whether using digital tools or scale models, has reached sufficient maturity to be in daily use by engineers for analysis and for communication. Increasingly complex case can be handled thanks to ever more sophisticated tools and increasingly abundant computing power. However, quantifying uncertainty in the data and in the models for integration into decision-making processes

remains a legitimate concern. With respect to these issues, a number of questions remain open: the calibration and accuracy of complex models, their relevance to case studies, and their prediction capability.

Almost 300 participants from France and all over the world are expected to attend this conference.

The conference will be an opportunity for public concerned by themes of different sessions to present their projects, products as well as the progress realized in their domain.

A hall with a permanent broadband, screens and projection facilities as well as tables and seats will be allocated to each exhibitor throughout the conference. Visits during coffee breaks make dialogue and exchange possible between the participants and the exhibitors.

Société Hydrotechnique de France is in charge of the organisation of these workshops with the help of Polytech'Nice-Sophia Antipolis.

We invite you to use the opportunity to book your personal space as soon as possible. To do this you just have to fill in the enclosed form.

The conference site is regularly updated on www.symhydro.org or you can contact Neda Sheibani: n.sheibani@shf.asso.fr or Jean-George Philipps: j.g.philipps@shf.asso.fr for any further information.

Looking forward to meeting you in Nice.

Registration form for exhibitors:

Exhibitor:

-Name.....
Address.....
.....
Tel..... Fax.....
E-mail.....

Person to contact

-Name.....

Nature of presentation:

Flyers Material DVD/films Other

(With a brief descriptive on the products to be exhibited).

For each workshop:

- an allocated and specified space
- exhibitor contacts included in the list of participants of the conference
- the registration fee for the workshop concerns the person present on the stand. If other participants of the same company; they have to fill a registration form.
- proceedings and CDrom included in the price of the registration fees.
- possibility of a link from SHF site to the exhibitor's website.

Registration:

- Stand reservation: before April 30th 1 500 €
 Stand reservation after April 30th 1 750 €
 I enclose the logo of my company (WORD file).

You have the possibility to make a payment by Credit Card. For further information, we kindly invite you to check Société Hydrotechnique de France's Website:
